INTRODUCTION

MID YEAR BUDGET & PERFORMANCE ASSESSMENT REPORT: 31 DECEMBER 2025

The purpose of this report is to comply with Section 72 of the Municipal Finance Management Act (MFMA), and Sections 33 and 34 of the Municipal Budget and Reporting Regulations as promulgated in the Government Gazette No 32141 of 17 April 2009, which requires that specific financial particulars be reported on and in the formats prescribed.

The report also provides a high level overview of the municipality financial viability and sustainability.

BACKGROUND

Section 72(1) (a), (b), (2) and (3) of the Municipal Finance Management Act (MFMA) states:

“The accounting officer of a municipality must by **25 January** of each year assess the performance of the Municipality during the first half of the financial year and submit a report on such assessment to the Mayor, National Treasury and Provincial Treasury.

Sections 33 and 34 of the Municipal Budget and Reporting Regulations states:

“A mid-year budget and performance assessment of a Municipality must be in the format specified in Schedule C, and within five working days of **25 January** each year, the Municipal Manager must make the mid-year budget and performance assessment public by placing it on the municipal website...”

The Mid-Year Report and Supporting Tables of eMadlangeni Municipality prepared in accordance with the Municipal Budget and Reporting Regulations are attached **(Annexure 1- C Schedule)**

SUMMARY OF OPERATIONAL INCOME AND EXPENDITURE ANALYSIS

The operating budget as reflected in Table C (annexure 1) of the Budget Statement Tables can be summarized as follows:

FINANCIAL PERFORMANCE

DETAILS	APPROVED BUDGET FOR 2025/2026	YEAR TO DATE BUDGET AS AT 31/12/2025	ACTUALS AS AT 31/12/2025	VARIANCE
Total Revenue	R 137 903 200.00	R 68 951 600.00	R 75 915 192.00	R -6 963 592.00
Total Expenditure	R 136 172 348.00	R 68 086 174.00	R 64 665 015.00	R 3 421 159.00
Surplus/ (Deficit)	R 001 730 852.00	R 00 865 426.00	R 11 250 177.00	

The budgeted revenue for the half year ending **31 December 2025** is **R68 951 600.00** against actual revenue billed to date of **R 75 915 192** which resulted to favourable balance of **R 6 963 592.00**

Expenditure incurred during this period amounts to **R64 665 015** against the budget of **R68 086 172** which resulted to a favourable variance of **R3 421 159**. The actual expenditure is less than estimated budget and must be adjusted.

REVENUE MANAGEMENT

OPERATING REVENUE BY SOURCE: YEAR TO DATE ACTUAL VS YEAR TO DATE BUDGET

Property Rates

The negative variance of **-11%** is due to the plan to sell some properties that was going to increase the property rates revenue. The plan sell properties will be reviewed and the necessary adjust be made.

Conclusion: Downwards adjustment will be made by assessing the individual category of debtors against the actual revenue recognised and budgeted revenue in the first half of the year.

Service Charges-Electricity Revenue

The service charges on electricity performed with a positive variance of **3%**. This particular service is dependent on the existence of property, illegal connection was monitored.

Conclusion: Upwards adjustment will be made on the electricity service Charge for the year.

Service Charges-Refuse Revenue

The service charges on refuse removal had a positive variance of 4%. More subdivision of properties was done during the first half of the year.

Conclusion: Upwards adjustment will be made on the refuse removal service charge for the year.

Rental of Facilities and Equipment

The positive variance of 5% was because some tenants moved back to rented municipal facilities. This category of revenue is also difficult to predict as it is dependent on the external factors like rental of equipment and game park rental.

Conclusion: upwards adjustment will be made on rental of facilities and equipment for the year.

Interest Earned-External Investments

This revenue source is more dependent on grant received from National Department. The negative variance of -70% is due the municipality high spending on government grants.

Conclusion: Downwards adjustment will be made on interest earned on external investments for the year.

Interest of outstanding debtors

The increase on interest is because age debtors is increasing.

Conclusion: Upwards adjustment will be made on interest on outstanding debtors.

Fines, Penalties and Forfeits

The negative variance of -1% is within the norm on adjustment will be made

Conclusion: No adjustment will be made on fine, penalties and forfeits for the year.

Licences and Permits

This category is for motor vehicle licenses. We have received less people taking licences due to the licenses centre under staff. The negative variance of -11% will be adjusted accordingly during adjustment budget

Conclusion: Adjustment will be made on licences and permits for the year.

Transfers and Subsidies

The positive variance is mainly attributable to the receipt of the second tranche of the Equitable Share grant from National Treasury and other grants.

There was an additional Arbator Grant that was not budgeted for.

Conclusion: The adjustment will be made in line with Adjustment Division of Revenue Act (DORA).

Other Revenue

This category of revenue relates to revenue sources that are not explicitly disclosed on the statement of financial performance as per National Treasury reporting templates such as clearance certificates and other sundry revenue. Our budget was based on prior years actuals. This category reflects under performance variance of -98% and will accordingly be adjusted during the adjustment budget.

Conclusion: Each line item in this area will be analysed considering the performance of the first half of the financial year and necessary adjustment will be accordingly effected.

The inputs from each department that contributes revenues to the municipality is critical as they fully understand what causes the variances.

EXPENDITURE MANAGEMENT

OPERATING EXPENDITURE: YEAR TO DATE ACTUAL VS YEAR TO DATE BUDGET

Employee Related Costs

The performance of this line item of expenditure is above the projected budget for the first half of the financial year, and this resulted in a variance of 4%. This is a result from overtime and standby allowances. The Heads of Departments have been cautioned about this and are monitoring it closely.

Conclusion: Upwards adjustment will be made.

Remuneration of Councillors

The performance of this line item of expenditure is within the projected budget, and this resulted in a variance of -2%. The councillors' salaries are in terms of Determination of upper limits of salaries, allowances and benefits of different members.

Conclusion: The adjustment will be made based on the published Government Gazette.

Debt Impairment, and Depreciation and Amortisation

The performance of this line item of expenditure is within the projected budget, and this resulted in a variance of -30%. Excluding Debt impairment.

Finance Charges

Municipality did not budget for interest expense only **R759** incurred during the first half of the year. Budget adjustment will be done during the adjustment budget.

Bulk Purchases

The expenditure performance on purchase of electricity has a negative variance of **4%**. Municipality is behind in Eskom payments no adjustment will be made.

Conclusion: Upwards adjustment will be made on bulk purchases for the year.

Other materials

The expenditure performance on other materials has favourable variance of **-100%**. This is due the municipality implementing cost containment majors.

Conclusion: Downwards adjustment will be made on other materials for the year due to unfavourable municipal bank balance.

Contracted Services

This category of contracted services relates to expenditure types that are not explicitly disclosed on the statement of financial performance as per National Treasury reporting templates such as security fees, legal fees and other contracted expenditure. This category reflects favourable variance of **-13%** and will be adjusted during the adjustment budget. The Municipality is looking on ways to reduce this expenditure.

Conclusion: Each line item in this area will be analysed considering the performance of the first half of the financial year and necessary adjustment will be accordingly effected.

Other Expenditure

The expenditure performance on other expenditure has unfavourable variance of **23%** and will be adjusted during the adjustment budget. The big amount that resulted to unfavourable variance is audit fees.

Conclusion: Adjustment will be made on other expenditure for the year.

CAPITAL EXPENDITURE**Total Capital Expenditure – Actual vs Budget**

DETAILS	APPROVED BUDGET FOR 2025/2026	YEAR TO DATE BUDGET AS AT 31/12/2025	ACTUALS AS AT 31/12/2025	VARIANCE
Capital Grant	R 26 347 000	R 13 173 500	R 14 259 147,88	R 1 085 647,88

Table C5 and annexure 2 indicates expenditure incurred during this period amounts to **R14 259 147,88** against the budget of **R13 173 500** which resulted to favourable variance of **R 1 085 667,88**.

The Municipality is grant dependent and capital budget is mainly grants. Only 6% was spend from municipal own revenue.

Conclusion: No adjustments will done accordingly.

ASSET MANAGEMENT

The asset module has assisted the municipality to comply with mSCOA. The safeguarding of asset is still a going concern and management need to monitor that very closely. The current ratio is slightly below the norm this is an indication that municipality should introduce new strategies of improving the current situation.

CASH MANAGEMENT 31 DECEMBER 2025 (ANNEXURE 3)

Below table indicates that the municipality is financially unsustainable and not will be able to discharge its financial commitment when they fall due if the status don't change.

Cash and cash equivalents consist of	
Cash on hand (Cash Float)	R 00 001 083,00
Bank balance (FNB main account)	R 00 637 640,91
Short term deposits	R 10 408 167,77
TOTAL	R 10 776 891,68

DEBTORS

Analysis by to total Debtors by source as at 31 December 2025

Debtors per category	Amounts	Percentage
Organs of State	036 417 787	33%
Commercial	004 384 691	4%

121- 365 days	092 994 276	72 970 537	20 023 739
	112 047 148	88 653 212	23 393 936

The total debtors outstanding of **R112 047 148** represents an increase of **R23 393 936**, which is about **26%** compared to December 2024. The implementation of incentive and data cleansing assisted in small increase in debtors but there is still a lot that needs to be done. The big portion of this is caused by the non-payments from farmers and trusts. We have started the process of engaging farmers with Provincial COGTA, this has resulted in a positive feedback and concerns that the farmers have raised are being addressed by Department of Land Affairs. We are expecting Farmers we have met with to honour their debt. More meeting have been organised with other Farmers Associations within the Municipality.

Debt Collection Activities

There are number of issues which are impacting to debt collection. The illegal connection of electricity is the major one and is not only impacting on revenue but even on cash flows. The process of reminding customers about the outstanding debt is the priority in public participation events while the legal process should commence soon, this would improve the revenue base of the municipality. The current control system is being monitored continuously.

CREDITORS (ANNEXURE 5)

Creditors are normally paid within 30 days as stipulated by the MFMA except where there are disputes between the municipality and the creditor. But due to cash flow problems there were delays in paying some creditors.

Supply chain management monthly analysis (ANNEXURE 6)

A number of interventions and monitoring controls with regard to Supply Chain Management processes have been introduced by National Treasury to reduce the incidence of irregular expenditure, wasteful and fruitless expenditure.

UIFW expenditure for the first half of the year July to December 2025

The unauthorised expenditure was R 0.

The irregular expenditure was R 13 800 450,47

The wasteful and fruitless expenditure R 73 797,42.

The deviation R 1 725 273,95.

SERVICE DELIVERY PERFORMANCE ANALYSIS

The Service Delivery and Budget Implementation Plan (SDBIP) performance is covered in a separate report by the Performance Management Section. However, departments have indicated that plans are in place to ensure that spend on capital projects is maximised. The actual performance against the key performance indicators and targets are monitored on a quarterly basis and corrective actions are put in place to address variances.

ADJUSTMENTS BUDGET

Regulation 23(1) of the Municipal Budget and Reporting Regulations provides, inter alia for the following:

“An adjustment budget may be tabled in the Municipal Council at any time after Mid-year Budget and Performance Assessment has been tabled in the Council, but not later than 28 February of each year”

An Adjustment budget is the revision of an approved annual budget, usually by the utilisation of savings in one vote towards spending under another vote. Furthermore, except under certain circumstances only one adjustment budget may be tabled in the Municipal Council during a financial year. Accordingly, a report on adjustments to the budget will be submitted for consideration by Council at its meeting to be held by the 28 February 2026.

ANNUAL REPORT

The annual report of 2024/2025 financial year is covered in a separate report to council.

RECOMMENDATION

This Report which is submitted in compliance with Sections 52(d) and 72 of the MFMA and in terms of the Government Notice 32141 dated 17 April 2009, relating to the "Local Government: Municipal Finance Management Act 2003, the Municipal Budget and Reporting Regulations", as at 31 December 2025, be considered by Council.

1	14/07/2025	Microsoft Ireland Operations Limited	Billing Period 01/06/2025 - 30/06/2025.	Corporate	The SCM processes were not followed because the SCM unit did not receive a requisition for this request, and services were rendered without following the SCM processes. A minimum of three quotations was not obtained. The procedure for the procurement of goods or services through written quotations or formal written price quotations were not followed as per SCM policy.	18,081.74	06/07-25
2	18/07/2025	CCG Systems	Annual Maintenance Licence Fee - Year 2025-26	Corporate	The preference points system was not used for the awarded bidders in the panel for the financial system.	1,102,437.05	16/07-25
3	08/07/2025	igoda Projects (Pty) Ltd	Blue Mountain Phase 3 Electrification Project	Infrastructure & Planning	Service provider was appointed as a turnkey project. The requirement for a turnkey is to follow a two stage bidding process. The two stage bidding process was not followed to appoint Igoda Projects (Pty) Ltd as per SCM policy. During the audit of supply chain management, it was noted that the preference points system was not used. As a result, it could not confirm whether the tenderer scoring the highest points was awarded. By not performing the point system, management could not assess if the other bidders would have quoted at cheaper or reasonable prices. In addition, the bid documents and advert stated that the tender will also be evaluated on the 80/20 point system and management did not do it when awarding the tender.	3,300,044.13	AC07/07-25
4	08/07/2025	Double Action Security and Training Academy	Security Services - (01/09/2025 - 31/03/2025)	Corporate	The variation order has exceeded the 15% threshold stipulated in MFMA Circular 62. The initial contract amount was R 4 385 916-00 and the variation order needs to amount to R 657 887-40 which will then add up to a new total contract value of R 5 043 803-40. According to MFMA circular No.62 "Contracts may be expanded or varied only by the Accounting Officer by not more than 20% for construction related goods, services and / or infrastructure projects and 15% for all other goods and/ or services of the original value of the contract. Therefore, the 15% threshold has been exceeded. During the audit of supply chain management, it was noted that the preference points system was not used. 18	24/11/2025	PO03961	Infrastructure & Planning	Procurement of electrical spare parts for 1248 Plein Street electrical connection point. This request is based on an emergency following a cable theft incident at 1248 Plein Street connection point, which has left the residents at 124A & B, 126A and 128 Plein Street without electricity. Extended outage affects the basic rights of residents to electricity and prolonged darkness increases the risk of crime and vandalism to municipal infrastructure. Therefore, the restoration of power is our immediate priority to ensure public safety, mitigate further network damage and restore services to our customers. 19	26/11/2025	PO03964	Infrastructure & Planning	Emergency purchase of 1 x 315KVA 11kV/400V mini substation. This request is based on an emergency following a catastrophic lightning strike that left the residents and business customers at Kerk, Bloem, Van Rooyen, Plein, Marchalk, De Kock, General, Naude, Hugo, Jooste, Scheeler and Marhebe Streets without electricity. On 20 November 2025, the 315KVA mini substation located at Voor Street opposite Raily Supermarket suffered a direct lightning strike. The technical assessment confirmed that the core windings have shorted, and the unit is beyond economical repair and must be replaced. Approximately 30% of residents, including businesses, are without electricity. This outage poses significant risks to public safety, security and essential services, as the whole Utrecht Town, White City, Berisdorp and Aggrivillage have limited water supply. Extended outage affects the basic rights of residents to electricity and prolonged darkness increases the risk of crime and vandalism to municipal infrastructure. Therefore, the restoration of power is our immediate priority to ensure public safety, mitigate further network damage and restore services to our customers. 25	15/12/2025	PO03997	Infrastructure & Planning	<p>Appoint a service provider for emergency repair of underground MV cable fault at MS04 Mini Substation opposite Rally Supermarket. On Sunday 14 December 2025, a critical fault occurred on the MV underground cable network supplying MS04, a Mini substation opposite Rally Supermarket. The fault resulted in a power outage affecting: Kerk, Bloem, De Kock, General, Naude, Hugo, Jooste, Zuid and Maribebe Streets, Water Works Plant, Caravan Park and Balele Game Park.</p> <p>Upon preliminary investigation by the standby team, it was determined that the specializing service provider to be sought because the cable required specialized outdoor 11kV, XLPE 70-120 mm shrink jointing and termination kits and immediate repair to restore supply and ensure network stability. The incident occurred on a Sunday, and the Municipality does not have an existing stores warehouse, and we do not keep MV joint kits as stock items. Furthermore, the specific MV jointing kits/termination kits required for this repair could not be immediately accessible because the suppliers are closed on Sunday. This matter needed to be attended urgently since the extended outage affects the basic rights of residents to electricity and prolonged darkness increases the risk of crime and vandalism to municipal infrastructure.</p> <p>Appoint a service provider for emergency repair of underground MV cable fault at MS011 and MS09 mini station. On 29 November 2025, a power interruption occurred affecting residency and businesses which supplied from MS09 mini substations.</p> <p>Initial assessments suggested the need for 2 cable jointing repairs. However, upon excavation the scope of work was revised, it became technically evident that the underground fault cannot be repaired due to extremely high underground water level.</p> <p>To ensure the repair is successful and funds are not wasted, the scope of work had to be expanded, work had to be changed over to repair MV underground cable from MS04 mini substation which is the alternate route to supply MS09 mini substation. The scope of the service provider had to include High Energy Surge Generation (thumping), MV cable jointing and cable termination jointing.</p> <p>This matter needed to be attended urgently since the outage affected 35% households/businesses which is a service delivery risk.</p>	21,792.50	17/12/2025	84/12-25	Matsiya Construction Engineering (Pty) Ltd
